

# COVID-19 SPECIFIC COMMERCIAL & RESIDENTIAL CLEANING SERVICES

**Our critical response services for COVID-19 are customized to your residential or commercial needs and infrastructure.**

**We are out there providing this much needed services in our communities – because this is what we do.**

## TOP 3 WAYS YOUR BUSINESS CAN COMBAT CORONAVIRUS

- 1. Preparedness:** Having the right plan in place in case of emergency can be the difference between success and disaster.
- 2. Business Continuity:** Prevention is the key to staying viable during these times. Follow the advice of your local public health authority.
- 3. Response:** Have the people, assets, expertise and technology to quickly and safely get you and your business back to work as pre-approved vendors, such as RCC North DKI.

We will evaluate your situation prior to recommending the services your require. Creating a standard "one size fits all" procedure is difficult as job scopes/requests for service varies, i.e. fog only, clean and fog, clean only, etc.)

## TOP 3 SERVICES RCC NORTH DKI USES TO COMBAT COVID-19

 **Environmental Cleaning Procedures:** Cleaning of visibly soiled surfaces followed by applying recognized and approved disinfection solutions.

 **Fogging:** The two main products we use are SteraMist and Halo. Both are approved by the EPA and are registered agents for COVID-19 treatment. Also, the Steramist (TOMI) Solution is registered with Health Canada DIN #02469448 as well.

  **Environmental Cleaning plus Fogging:** Cleaning of surfaces as determined, applying recognized and approved disinfection solution with a final process involving fogging with either SteraMist or Halo.
