### **Rocky Cross Construction (North) Ltd. Awarded DKI Canada 2016 Member Of The Year Award.**

CALGARY, ALBERTA, May 8, 2017 – Rocky Cross Construction (North) Ltd. was presented the coveted ‘Kenneth T Tucker’ DKI Canada Member of the Year Award for 2016 at the National DKI Annual General Meeting in Quebec City.

Each year DKI Canada selects their Member of the Year based on a list of criteria such as dedication to growth, outstanding customer service, membership support, etc. Last year after the devastating Fort McMurray fire, Alan Welton and many of the RCC North DKI Management and Staff spent months on site helping victims of this tragedy recover.

RCC North DKI is also a big supporter of training and development and regularly host training events such as quarterly courses (approved for CEC’s by the Alberta Insurance Institute, the IICRC and the Restoration Industry Association). They also frequently host events such as a DKI Canada western member training for the specialized 4.5 day IICRC Commercial Drying Specialist (CDS) course at their Training Centre. The CDS course trains Restoration Managers for large loss commercial drying, damage inspection and evaluation, work flow management, process administration and technical methods of effective and timely drying of commercial, industrial, institutional and complex residential water-damaged structures, equipment and systems.

The DKI 2016 Member of the Year Award was presented to Bill Moorman, COO and Alan Welton, CEO of Rocky Cross Construction (North) Ltd. at a gala event held at the iconic Fairmont Le Château Frontenac. It was a fitting location as they celebrated the 25th anniversary of DKI operating in Canada. This charming hotel recently underwent a major restoration that blends the charm of the hotel’s enchanting past with modern innovations and dynamic future. Very similar to what DKI Canada has done recently and where we stand today.

### **About Rocky Cross Construction (North) Ltd.**

Rocky Cross Construction (North) Ltd., a member of DKI Canada, was incorporated in 1981 in Calgary, Alberta with a vision to be Southern Alberta’s premier provider of loss mitigation, restoration, rebuild and remediation services for all types of catastrophes including water, sewer, fire, wind, mold and asbestos. From residential to large commercial losses, we are a team that Insurance companies rely on to deliver high quality projects on time and within budget. We are members of the Restoration Industry Association (RIA) and the Restoration Contractors Organization of Canada (RCOC) along with several local and provincial industry related associations.
